

If You Want To Perceive A Fox

If you want to perceive a fox
you must sniff down to the mucky muddy
end of the antiquated forest.

I understand a fox
is alive down there
She's a-Sellish. She's a-Hefty. She's a-Villainous.
She's a Ferocious.

Yes, if you actually want to perceive a fox
you must sniff down to the mucky maddy
end of the antiquated forest.

Nose down gently to that forest and say

Fantastic fox

Fantastic fox

Fantastic foxoooooooooooo

And up she'll climb

But don't stick around

STAY THERE AND DON'T MOVE!
