If You Want to Observe a tiger !

If you want to observe a tiger
you must journey up to the filthy mucky trees
where the jungle leaves

I know a tiger
who's living up there -
He's evil - He's massive - He's vicious
He's aggressive

Yes, if you really want to observe a tiger
you must journey up to the filthy mucky trees
where the jungle leaves

walk down quietly to that jungle and say
Wicked Tiger
Wicked Tiger
Wicked Tigeee
