If You WANT To OBSERV A A Rhinoceros

If you want to observe a rhinoceros
You must Tiptoe down the bure lagune
end of the old Babor lagune

I Know a rhinoceros
who's living down there -
She's a- dangerous she's a- colossal she's a- cruel
She's a- injuried

Yes ! if you really want to observe a rhinoceros
You must tiptoe down the bure lagune
end of the old Babor River

Go down Silently to that lagune and Say
rhinoceros father
rhinoceros father
rhinoceros fatherrrrrrrrrrrrr

And up She'll increase
But don't Stick around
RUN FOR YOUR LIFE!
