

If you want to spy a snake.

If you really want to spy
a snake you must make
down to the filthy squashy
end of the old carony forest.
I now a snake whos staying
down there she is mean. Shes
a mean. Shes a big. Shes a big
Shes a wicked. Shes a wicked.
Shes a fierceed. Shes a fierceed.

Yes if you really want to spy
an snake you must go
down to the filthy squashy
end of the old carony forest.
Go down gently to that river and
say, Snake, mama, Snake mama,
Snake, maaaagaaaaa
And up shall rise But dont stick
around.

Run for your
Life But Dont
be scared
